A Message to MD Family of Funds Investors

Dear MD Family of Funds Investor:

As part of our commitment to keeping you informed about your MD Fund investments, please find attached the 2021 Interim Management Report of Fund Performance (MRFP). If you also opted to receive the fund's financial statements, they are included in this package.

The interim MRFP is a regulatory document that supplements the interim financial statements. The document includes a brief discussion and analysis of the funds as well as an explanation of how the markets and overall asset mix have affected the fund investment activities, performance and financial highlights, as well as an explanation of how the markets and overall asset mix have affected the fund.

The report is produced on a fund-by-fund basis, and your report only includes information on the funds you owned as of June 30, 2021.

If you have any questions regarding these documents, please contact your MD Advisor or the MD Trade Centre at 1 800 267-2332.

We thank you for your continued investment in the MD Family of Funds.

MD Financial Management Inc. wholly owns or has a majority interest in its seven subsidiaries (the MD Group of Companies). It provides financial products and services, is the fund manager for the MD Family of Funds and offers investment counselling services. For a detailed list of the MD Group of Companies, visit md.ca.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. The rate of return is used only to illustrate the effects of the compound growth rate and is not intended to reflect future values of the mutual fund or returns on investment in the mutual fund. Standard performance data assumes reinvestment of distributions only and does not take into account sales, redemption, distribution or optional charges payable by any securityholder which would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated. Please read the prospectus before investing. You may obtain a copy of the prospectus before investing by calling your MD Advisor or the MD Trade Centre at 1 800 267-2332.

MD Money Fund

Management Report of Fund Performance (June 30, 2021)

Results of Operations

As part of our investment management discipline, we carefully monitor the investments of the Fund and decisions of the Investment Advisor and Sub-Advisor to ensure that the Fund's performance remains consistent with the investment objectives of the Fund.

For the period ended June 30, 2021, the Fund had total returns of 0.1% (Series A), 0.1% (Series F2), and 0.1% (Series D).

In Q2 2021, the price pressures are legitimate created by the extreme supply-demand imbalances created by asynchronous lockdowns globally throughout the pandemic and now the potentially rapid recovery in the economy as the vaccine rollout proves successful. Strong macro data has resulted in tightening monetary policy. The Bank of Canada has maintained its overnight lending rate to 0.25%, however might shorten the widespread purchases of Canadian bonds. Correspondingly, Canadian money market rates has seen a moderate increase. The average yield for the FTSE 91 Day Treasury Bill Index has increased from 0.09% at the end of December 2020 to 0.14% at the end of Q2 2021, however still significantly below the 1.66% at the end of December 2019.

In an effort to sustain an elevated yield without incurring a corresponding increase to interest rate risk, the Fund retained an allocation to institutional high yield demand deposit accounts as well as meaningful exposure to corporate paper. At the end of June 2021, the Fund had a weighted average term to maturity of 61.9 days.

As at June 30, 2021, the total net asset value of the Fund was \$227.65 million, a decrease of 17% since the beginning of the year. The decrease is mainly due to net contributions to the Fund and income distributions to unitholders.

Recent Developments

STRATEGIC CHANGES

COVID-19-related shutdowns that impacted the global economy in an unprecedented manner have started to abate. Global markets have begun to price in a strong economic recovery. Unprecedented stimulus from policy makers around the world continues to provide support to the global economy, however fears of inflation and a tapering of the monetary support has provided some increase in volatility from low levels. Looking forward, the economic story remains one of recovery with the development and distribution of multiple effective vaccines and a return to more normal personal and economic activity.

The Fund continues to be managed in a manner consistent with its investment mandate and is positioned to achieve its long-term objectives. The Investment Advisors have adhered to their investment disciplines and portfolio strategies.

Related Party Transactions

MD Financial Management Inc. is the Manager, Registrar and Trustee of the Fund. As Manager, MD Financial Management Inc. manages the overall business of the MD Fund and is responsible for: setting investment objectives, providing and/or retaining the services of third party service providers for fund accounting services, administration services, and promoting the sales of the Fund's units.

The Manager is a wholly-owned subsidiary of The Bank of Nova Scotia (Scotiabank).

The Manager, on behalf of the Fund, may enter into transactions or arrangements with other members of Scotiabank or certain other companies that are related or connected to the Manager (each a "related party"). All transactions between the Fund and the related parties are in the normal course of business and are carried out at arm's length terms.

As Registrar, MD Financial Management Inc. keeps track of the owners of units of the MD Fund, processes purchase, transfer and redemptions orders, issues investor account statements and issues annual tax reporting information.

As the Fund is organized as a Trust, investing in the Fund means purchasing units of the Trust. As Trustee to the Fund, MD Financial Management Inc. holds actual title to the property in the Fund—the cash and securities the Fund invests in—on behalf of the unitholders.

The principal distributor is MD Management Limited. As principal distributor, MD Management Limited markets the units of the MD Fund through its offices across Canada. MD Management Limited is a wholly owned subsidiary of MD Financial Management Inc.

INDEPENDENT REVIEW COMMITTEE

The Manager has established an independent review committee (the "IRC") in accordance with National Instrument 81-107 – Independent Review Committee for Investment Funds ("NI 81-107") with a mandate to review and provide recommendations or approval, as required, on conflict of interest matters referred to it by the Manager on behalf of the Fund. The IRC is responsible for overseeing the Manager's decisions in situations where the Manager is faced with any present or perceived conflicts of interest, all in accordance with NI 81-107.

The IRC may also approve certain mergers between the Fund and other funds and any change of the auditor of the Fund. Subject to any corporate and securities law requirements, no securityholder approval will be obtained in such circumstances, but you will be sent a written notice at least 60 days before the effective date of any such transaction or change of auditor. In certain circumstances, securityholder approval may be required to approve certain mergers.

The IRC has five members: Stephen J. Griggs (Chair), Steven J. Donald, Simon Hitzig, Heather A.T. Hunter and Jennifer L. Witterick, each of whom is independent of the Manager.

The IRC prepares and files a report to the securityholders each fiscal year that describes the IRC and its activities for securityholders, as well as contains a complete list of the standing instructions. These standing instructions enable the Manager to act in a particular conflict of interest matter on a continuing basis provided the Manager complies with its policies and procedures established to address that conflict of interest matter and reports periodically to the IRC on the matter. This report to the securityholders is available on the Manager's website or, at no cost, by contacting the Manager.

The compensation and other reasonable expenses of the IRC will be paid out of the assets of the Fund as well as out of the assets of the other investment funds for which the IRC may act as the independent review committee. The main components of compensation are an annual retainer and a fee for each committee meeting attended. The chair of the IRC is entitled to an additional fee. Expenses of the IRC may include premiums for insurance coverage, travel expenses and reasonable out-of-pocket expenses.

MD Money Fund

Management Report of Fund Performance (June 30, 2021)

The Manager, in respect of its management of the Fund, received the following standing instructions from the IRC with respect to related party transactions:

- Paying brokerage commissions and spreads to a related party for effecting security transactions on an agency and principal basis on behalf of the Fund;
- Purchases or sales of securities of an issuer from or to another investment fund managed by the Manager;
- Investments in the securities of issuers for which a related underwriter acted as an underwriter during the distribution of such securities and the 60-day period following the completion of such distribution;
- Executing foreign exchange transactions with a related party on behalf of the Fund;
- Purchases of securities of a related party;
- Entering into over-the-counter derivatives on behalf of the Fund with a related party;
- Outsourcing products and services to related parties which can be charged to the Fund

The Manager is required to advise the IRC of any breach of a condition of any standing instructions. The standing instructions require, among other things, that the investment decision in respect to a related party transaction: (a) is made by the Manager free from any influence by an entity related to the Manager and without taking into account any consideration to any associate or affiliate of the Manager; (b) represents the business judgment of the Manager uninfluenced by considerations other than the best interests of the Fund; and (c) is made in compliance with the Manager's written policies and procedures. Transactions made by the Manager under the standing instructions are subsequently reviewed by the IRC to monitor compliance.

The Manager, in respect of its management of the Fund relied on IRC standing instructions regarding related party transactions during the period.

Management Fees

MD Financial Management Inc. provides the Fund with investment management and administrative services, including fund accounting and unitholder record-keeping. In return, MD Financial Management Inc. receives an annual management fee and an annual administration fee, both based on a fixed percentage of the daily net asset value of the Fund. Management fees are paid weekly and administration fees are paid monthly.

MD Financial Management Inc. pays MD Management Limited, a related party, a fee for providing financial planning services to Series A unitholders. The estimated breakdown of the services received in consideration of the management fee for Series A is as follows:

(As a percentage of management fees)	
Financial Planning Services	30.9%
Investment Management and Other	69.1%

Series F2 unitholders pay a separate managed account fee directly to MD Management Limited. 100% of the management fee on Series D and Series F2 is for investment management and other services.

Past Performance

The following bar chart shows the Fund's annual performance for each of the years shown, and illustrates how the Fund's performance changed from year to year. The chart shows, in percentage terms, how much an investment made on the first day of each calendar year would have grown or decreased by the last day of each calendar year.

The performance information assumes that all distributions made by the Fund were reinvested in additional units of the Fund and does not take into account sales, redemption, distribution or other optional charges that would reduce returns. How the Fund has performed in the past does not necessarily indicate how the Fund will perform in the future.

¹ This information is provided as at June 30 or December 31 of the period shown.

² The management expense ratio ("MER") is based on total expenses for the stated period (excluding commissions, withholding taxes and other portfolio transaction costs) and the Fund's proportionate share of the MER, if applicable, of exchange traded funds ("ETFs") in which the Fund has invested, expressed as an annualized percentage of daily average net asset value during the period.

³ The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net assets during the period.

⁴ The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher a fund's portfolio turnover rate in a year, the greater the trading costs payable by the fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of a fund.

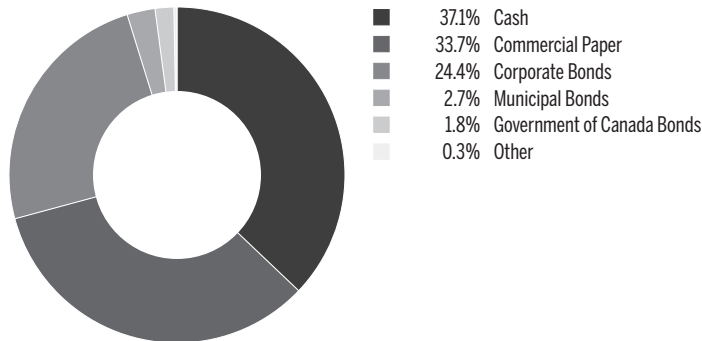

⁵ The results shown are for the period June 25, 2018 - December 31, 2018.
